

THANK YOU FOR 31 GREAT YEARS IN THE ARKANSAS AUTOMOTIVE INDUSTRY

**Founder and President
Lewis Mathews**

Since developing our first F&I Department in 1984, Lewis Mathews and Arkansas F&I have always believed that if we work to help our dealer clients achieve their goals, we would also achieve ours. With that as our mission, we have built wonderful partnerships and friendships throughout the years.

Arkansas F&I also enjoys the longest continuous relationship with a major service contract administrator than any other Arkansas-based agency. Not just any administrator, but CNA National Warranty Corporation, chosen by dealers year after year as the best service contract provider in the industry.

Arkansas F&I has won numerous national awards, based on our partnership with successful Arkansas dealerships. For these long-term commitments, we say THANK YOU!

To those dealers who have not experienced the benefits of a partnership with Arkansas F&I, contact us now. You will be amazed by the level of customer service and F&I profitability we will bring to your dealership.
